Clean and Care

- Dust regularly with a soft, dry cloth to keep the surface clean.
- Clean occasionally with a slightly damp cloth using a neutral, non-detergent soap; wipe dry immediately.
- Avoid solvents, detergents, bleach and abrasive cleaners. Keep away from direct heat sources and prolonged sunlight.
- Treat premium leathers periodically with a suitable leather conditioner.

All submitted test results are obtained using official methods on non-manipulated leather. Natural markings, healed scars, wrinkles and grain or shade variations are inherent characteristics of genuine leather and are not considered defects. We reserve the right to modify, at any moment and without notice, any product specifications.
